**From Plymouth:** On the A38, pass the 2 turnings for Ashburton and take the A383 turning for Newton Abbot. Avoid all the exits and return back onto the A38 towards Plymouth. Then take the second exit off of the A38 signposted Woodland & Denbury and follow that road for 1 and half miles where you will find The Rising Sun on the left. Please be aware the exit is only around 400 yards from the slip road when you come onto the A38.

**From Exeter:** On the A38, pass the A383 junction for Newton Abbot. About 3 miles further on, at Alston Cross, take the Woodland and Denbury turning left. Continue past Parkers farm for a further 1 and half miles. The Rising Sun is on the left.

**A final note:** People are finding that when using their sat-nav systems to get to us, they are being directed down a lane which doesn't lead to us and is around 100 yards before you get to us. May we suggest that if you are using sat-nav, when you come off of the south bound A38 (signposted Woodland & Denbury), please switch off your sat-nav system and just follow the road for around 1 and half miles and you will find us on the left.
